My apologies. I thought I had already sent it out. One note...we noticed that we had the wrong year on the document. Go figure. So we changed this version from December 15, 2015 to December 15, 2016.

Let me know if you need anything else.

It never ends.

Can you get in touch with DR . Honeycutt see if he has a write up on the determination of the DWEL (I'm not sure anymore what TCEQ call it), the exceedance level we came up with.

If/ when he does could he pass it on to those involved?

They were:

Williamson, Tracy; Ruhl, Christopher; Waite, Andrew; McQuiddy, David; Scarano, Louis; Michael Honeycutt; Sherlock, Scott

These folks may have joined as CCs Christian, Myrta; Lee, Doyoung; Foster, Althea; Adams, Pratistha; Khoury, Ghassan
